25X1A MEMORANDUM FOR: [REDACTED]
Assistant to the Director

SUBJECT: DD/R Consultants

1. I am attaching a copy of a memorandum dated 12 April from the former DPD, now OSA/DD/R, which I think contains considerable information pertinent to your query. In addition, listed below are some consultants that were terminated:

Terminated in FY 1963

25X1A

[REDACTED]

Terminated in 1960

25X1A

[REDACTED]

Terminated in FY 1959

25X1A

[REDACTED]

25X1A

2. I also recall that about eight or ten months ago, [REDACTED] of the OGC Staff, collected an extensive list of information on the total scientific assets available to and utilized by the various offices of the Agency in the form of panels, boards, consultants, contractors, etc. If you have not already touched base with him, you may find that he would have a useful accumulation of data for your needs.

Subject: DD/R Consultants 2

3. We may have a few more names to be added to the DD/R list of consultants later this afternoon (being compiled in our Office of ELINT).
